Thanks to:

- * Mary, Jacob, Anne, and Joshua- thanks for never saying "Are you playing that song again!" and allowing me the time to invest in working on this project.
- * Mom and Al-, my mother and step-father who bought me my first guitar when I was 14. Though no longer with us, their deep impressions will always endure!
- * My extended family at Walnut Hill Bible Church -it is a truly great privilege to be a fellow servant in your midst!
- * Tyson- Your encouragement for me to back off on being overly critical of my music and to let myself enjoy what I have been given means more to me than you know.

Eternal thanks to you, Jesus, for loving me so much that you were willing to do what ever it took to allow me to be able to call you my friend. Thank you for the music. I love you.
